

Northwestern Quantum Week
Quantum Innovation Symposium

April 22, 2026 | Northwestern University

Yuping Huang

Yuping Huang is the Viola W. Brinning and Elbert C. Brinning Professor of Physics at Stevens Institute of Technology, and the CEO and Chairman of the Board at Quantum Computing Inc. He received PhD in Physics 2009 from Michigan State University and worked as a postdoc and research faculty at Northwestern University, before having joined Stevens in 2014.

Quantum Networking and Communications

Abstract: Quantum is changing how information is captured, transmitted, and processed. In this talk, I will share a story about how a physics curiosity led to some serious research at Northwestern, then further technology development at Stevens, and now commercialization at Quantum Computing Inc.
